Delegations From All Civic Organizations of Mobile, Gulf Coast and New Orleans Terminate Coast Pilgrimage at Bay St. Louis-Boosters Arrive From Coast on Bay St. Louis Ferry-Mayor Webb and Other Citizens Meet the Distinguished Party.

BAY-WAVELAND CLUB HOUSE SCENE OF TWO-HOUR DELIBERATION.

Senator John Craft, of Mobile, Offers Suggestion Which Is Adopted-Governors of Eight States Over Which Trail Traverses To Be Invited to Hold Convention at New Orleans at Early Date-City Attorney Genin Presides as Chairman of Bay Meet.

Traveling from Mobile, Ala., westward along the Gulf Boulevard, as the local link of the Old Spanish Trail is to be designated and known, the delegation of trail boosters reached Bay St. Louis Wednesday morning, landing at the Bay St. Louis ferry pier, arriving by water from Pass Christian. The distinguished delegation, composed of representatives from every civic body in Mobile and from the different organizations from along the Gulf Coast, was met by Mayor R. W. Webb and other local citizens. At the street end of the pier a number of cars were in waiting and the visitors were taken to the Bay-Waveland Club, which premises had been given over by the club for the occasion, and where the meeting

The party came as boosters from the Old Spanish Trail. To keep the project alive and to further foster the splendid work which is in progress under the generalship of Director General Harold B. Ayres, with headquarters at San Antonio Texas. This work has been in progress now for a few years, and in this comparative short time much of the trail—to be built and connected from St. Augustine, Fla., to Los Angeles, Cal.,has been constructed. But, as no chain is stronger than its weakest link, it is imperative that every foot of this roadway of four thousand miles must be built according to given standards and every body of water must be absent of obstacles to the traveler by motor.

The Mississippi Gulf Coast is an all important link. It comprises New Orleans and Mobile on to Pensacola. Bay St. Louisians are very anxious to see the local link constructed and connected up to the Trail. It will mean a two-hour run by motor to New Orleans.

There were some sixty delegate at the local meet. City Attorney Robt. L. Genin, prominent in movements calculated to the upbuild. ing of the Coast, was chairman of the meeting. In addition to a successful practitioner that he was, he was quite an inventor. In fact, a genius. Many patents are of record in the United States Patent Office to his chedit.

The funeral took place Wednesday morning at 8 o'clock, with requiem mass at the Church of Our Lady of the Gulf, Rev. Father Gmelch officiating. Interment was at St. Mary's Cemetery. He was laid to rest in presence of sorrowing friends and acquaintances and a profusion of flowers marked the resting place.

He is survived by his wife by second marriage and a daughter, Mrs Asher. By a former marriage he is survived by a number of sons and daughters, all residing away.

The death of the veteran physician is deeply deplored, and the sorrowing relatives have the sympathy of the many who know them, even though their loved one had long passed the biblical allotment. We mourn the departure of our loved ones in infancy, in youth, in middle life and even more when we have had them so long, when the period of golden years is acquired:

#### STATEMENT TO THE VOTERS OF THE SIXTH CONGRES-SIONAL DISTRICT.

I desire to avail myself of this opportunity to thank my good friends the American Congress. We fought a clean fight and under God we were permitted to achieve a decent-honorable victory. I am humbly grateful for the support of every man and woman in my district and in this hour of triumph I give the victory to whom the victory is due—to my friends. All I can say is, "God bless my friends." I shall ever endeavor to merit the confidence of my people. When I go to Washington as your representative next March I assure you that I will give you the best service of my life. I have no malice or hatred in my heart toward any citizen fight and I shall go to Washington as your representative as the servant of all the people, with malice toward none, charity toward all. Assuring you of my deep appreciation of your kindness to me and of my willingness to serve you at all times, I am. Sincerely your friend,

It is a sort of chain affair. England forgives France, we forgive England. But the joke is that there's no one to forgive us. We'd be left holding the hot potato. We lent Europe money, and it came out of Liberty bonds. A lot of those bonds are held right here in Bay St. Louis. And when those bonds mature we're going to have to pay them off if England doesn't. Which means that citizens of this community-of every community in the United States, for that matter—are not apt to applaud any proposition that carries debt cancelling with it. We furnished money to prosecute the war—and then we sent over enough men to win it. Now we're entitled to the money we loaned-and we'll be a lot of suckers if we don't get it.

PRESIDENT MAY ATTEND LEGION.

Centative Acceptance Has Been Made By Nation's Head To Be Present at New Orleans October 16-20.

New Orlans, La., Aug. 23.—"The Crescent City" is preparing to entertain the largest gathering in its history when 150,000 members of the American Legion and other visitors come to the Legion's national convention here, October 16-20.

With the tentative acceptance of the convention invitation by President Harding and General Pershing and the definite acceptance of Major General John A. Lejeune, commandant of the United States Marine Corps; Samuel Gompers, president of the American Federation of Labor. and Kenesaw Mountain Landis, commissioner of baseball, the Legion meeting will assume national importance. Convention officials also expect to entertain a famous marshal of France and other World War notaples. Prominent among the distinguished guests will be twenty-five wearers of the congressional medal of honor, the highest award for bravery made by the United States.

President Harding has written convention headquarters that he will come to New Orleans if the pressure of public affairs does not interfere and a similar message has been received from General Pershing, who led the Legion men in France, and who was a guest at their national gathering in Kansas City last year. The visit of General Lejeune will be of special interest to legionnaires since the Marine Corps leader is a native of Louisiana and was one of the most popular commanding generals in the American Expeditionary Forces. The presence of Mr. Gompers at the convention is expected to develop closer relations between the Legion and organized labor. Judge Landis is the father of a former service man and has spoken at Legion gatherings in all parts of the

SPANISH TRAIL ROAD AS MILI-TARY HIGHWAY.

Hon. Chas. E. Chidesy, of Pascagoula Discourses on the Subject-Interesting Figures on Automobiles.

One of the prominent speakers of the Spanish Trail Highway booster meeting during the week on the Mississippi Gulf Coast was that veteran good roads booster, the sage of Pascagoula, Judge Chas. E. Chidsey, who said "that it had been his privilege to speak previously on the Spanish Trail and he was glad of another oc-

cation to speak on the same subject. "The Spanish Trail," he said would be a military thehway and there would be plenty of money to build it. Three per cent of the annual income of the United States would build 3,000 miles of military highway every year and the financial part of the construction of this highway would be an easy matter to ad-

"There were about 9,000,000 automobiles in the United States," he continued, "and about 3,000,000 of them were used by tourists. If we had a good highway from coast to coast the number of automobiles which would pass over it would be almost staggering. These people would bring vast sums of money to our coast.

"Three things were revolutionizing our social system," said Mr. Chidsey. "They were the motor car, good roads and the movies. The roads were twenty years behind the

Mississippi.

And at Pass Christian, the heart of t, they're strongest for the trail's completion—or, well—put it that they're as strong for it as anywhere. And that's mighty strong.

Went Over Big. It rested with Pass Christian in the last meeting of the series, to bring the Gulf Coast cities into line 100 per cent—and she did it.

It was noon when the Old Spanish Trail crusaders rolled into the Pass and stopped at the Miramar Hotel There they were greeted by Sam Mc-Glathery, of the Miramar, and the entire band, some forty of them, sat down to a now historic luncheon as his personal guests. Then the crowd trooped over to the Pass Christian High School and the meeting opened to the musical accompaniment of the drone of the surf on the beach outside and the buzz of bees in the jasmine and magnolia trees that brushed the windows.

J. Adam, Sr., presided at the meeting. In the absence of Mayor J. H. Spence, Acting Mayor George P. Brandt gave an address of welcome And then the fireworks started. Pass Christian was right there side by side with the Mobile leaders who told the story of the Trail, of what it means

With enthusiasm these men of Pass Christian pledged their work and their money to the cause. Among Jones, president of the Houston Timregulating the large crowds Dr. A. R. Robertson Sam McGlathand L. W. Cottell:

RANGER FIELD.

A rig and material for the drilling of a well on the 2,000 acres owned by the CAPITOL PETROLEUM COMPANY in the Ranger District has been assembled and work is rapidly progressing preparatory to spudding in. This is a PROVEN FIELD and the average production of wells here is in excess of 100 Barrels per day. This is a new venture for the Company and the plans have been so carefully prepared for operation here that success in this field is assured.

"THE PRESENT"-

To date CAPITOL PETROLEUM COMPANY has FORTY-FIVE (45) SHALLOW WELLS producing OIL IN THE UNITED STATES, together with the TWO (2) SHALLOW WELLS IN MEXICO and the NATURAL GAS WELL IN KANSAS, making it a going concern, with several new wells under way of completion at Peter and Carson County, in addition to the wonderful Mexia Field—with lease holdings scattered in various proven fields of Texas.

"THE FUTURE"-
